The **IEEE-ASPP** e-resources
Subjects -electrical engineering, computing, biotechnology, telecommunications, power and energy, and dozens of other technologies.

All the above resources would be available round the clock from eight major campuses through our University website www.caluniv.ac.in

According to the UGC, the continuation of this facility depends on the use of these resources to a considerable extent.

May I therefore request you to kindly circulate this information among all the faculty members, research scholars and students of your department in order to facilitate maximum possible usage of the aforesaid resources.

In this connection, kindly allow me to inform that the e-journals obtained through UGC-INFONET programme have become immensely popular among the users of the University.

The fact is evident from the usage statistics of UGC - INFLIBNET.
