

**Department of Physiology
University of Calcutta**

**Schedule of Supplementary M.Sc. Examination, 2020 for the final year students
appeared in 4th semester examination, 2020**

Online Examination

Duration of examination: TWO HOURS

Time of examination: 12 noon to 2 PM

Date of examination

Paper	Date	Subject	Student details
HPY-GE31 (TH)	10 Oct, 2020 (Sat)	GEC: Human Physiology & Public Health	One student Parent Department - Anthropology
HPY-CC31 (TH)	10 Oct, 2020 (Sat)	Human Physiology	One student Parent Department: Physiology, Rammohan College PG section
HPY-CC21 (TH)	12 Oct, 2020 (Mon)	Human Physiology	Two students Parent Department: Physiology, Rammohan College PG section (one student) & Serampore College PG section (another student)

Course course (CC), Theoretical (TH)

Note:

One student of 4th semester appeared in final year examination 2020 of Department of Physiology, University of Calcutta, will appear in supplementary examination in the GEC subject (BCM GE32) of "Fundamental of Biochemistry-2" under Department of Biochemistry on 11 Oct., 2020 (Sunday).

**Department of Physiology
University of Calcutta**

**Schedule of M.Sc. Fourth Semester Final Examination, 2020 in
Human Physiology**

Online Examination

Duration of examination: TWO HOURS

Time of examination: 12 noon to 2 PM

Date of examination

Paper	Date	Subject
CC 41 (TH)	1 Oct, 2020 (Thu)	Modern Techniques in Physiology-II
DSEC 41 (TH)	3 Oct, 2020 (Sat)	* list of DSEC subjects is given below
DSEC 42 (TH)	5 Oct, 2020 (Mon)	
DSEC 43 (PR)	6 Oct, 2020 (Tue)	
DSEC 44 (PS)	7 & 8 Oct, 2020 (Wed & Thu)	

*Course course (CC), Discipline specific elective course (DSEC)
Theoretical (TH), Practical (PR), 'Project & Seminar' (PS)*

**DSEC- subjects*

- (i) Biochemistry*
- (ii) Biophysics & Electrophysiology*
- (iii) Ergonomics & Work Physiology*
- (iv) Environmental Physiology*
- (v) Endocrinology & Reproductive Physiology*
- (vi) Immunology & Microbiology*
- (vii) Molecular Cell Biology*
- (viii) Neurophysiology*
- (ix) Nutrition & Dietetics*
- (x) Sports & Exercise Physiology*

Note:

1. Practical examination includes evaluation of question (qualitative/quantitative approach) followed by viva-voce.
2. 'Project & Seminar' examination includes evaluation of project write up, presentation of project followed by interaction (question & answer) with the examinee.
