8. Research Domain

Researcher IDs

a) ORCID : 0000-0002-5340-7512 b) SSRN: 3613026 c) SCOPUS Author ID : 57192189930

Broad areas of research interests are-

- Knowledge Representation and Organisation : Artificial Intelligence (AI) - Natural Language Processing (N L P), Expert Systems (ES)
- Ontology development for information retrieval in different subject domains.
- Development and customization of metadata for Digital Library Initiatives
- Developing Subject Gateways.
- Neural Network Based Selective Dissemination of Information for Scientists
- Exploring Web 3.0 Tools application in Industrial Libraries.
- Library and Information Science Education
- Exploring the application of image retrieval in public libraries,
- Crowd Sourcing in Preserving Local History and Traditional Knowledge
- Research Data Management
- Resource Description and Access
- Multidisciplinary work (with Media Studies and Women Studies) : Women in Media, Classification scheme on women's issues etc.

9. Research guidance :

Number of researchers awarded M.Phil / Ph.D degrees : M Phil (17), Ph D (09)

Number of researchers pursuing M.Phil / Ph.D : M Phil (03), Ph D (07)

10. Projects :

Completed projects :

- UGC sponsored Major Research Project on ***Organising Women's Information : A Classification Scheme on Issues Relating to Women*** since 2007 (Co PI)
- Minor Research Project on ***Design and Development of a Knowledge representation Model for 'Time' of Analytico Synthetic Classification*** under the Minor Research Project Scheme of UGC and submitted the report through Vidyasagar University in February, 1999
